AUDITOR'S REPORT

STATE OF MAINE
STATE DEPARTMENT OF AUDIT
Augusta

To the Inhabitants of the Town of Greenwood:

In accordance with your request this department, represented by Mr. E. H. Shute, has completed an examination of the accounts of your town officials for the municipal year ended December 31, 1940.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date.

For bookkeeping purposes we have also submitted, but not made a part of this report, a Reconciliation of all Accounts and a detail of the journal entries made.

Respectfully submitted,
Harold E. Crawford, Municipal Auditor

COMMENTS**Cash:**

All receipts, as recorded, were checked and have been properly deposited in the bank. The expenditures were properly authorized and recorded.

The cash balance was reconciled by verifying the check book balance with the bank balance. The undeposited cash on hand was counted by our auditor.

Trust Funds:

The investments were checked with the depository. It was noted that \$585.00 of Cemetery, and \$483.00 of Ministerial and School Funds have been expended by the town.

Tax Deeds and Liens:

The tax deeds and liens on hand were examined, and lists have been compiled that reconcile with the unpaid balance. All payments during the past year appear to have been properly recorded.

Taxes:

The 1940 tax commitment to the Collector by the Assessors was examined. The abatements were examined for authority, and a list of uncollected taxes was prepared. Payments on prior years' taxes were checked and lists prepared of the balances outstanding as of December 31, 1940.

General:

The records of all your town officers appeared to be in very good condition.

All entries made by your Selectmen appeared to be properly substantiated and, as far as could be determined, were correct.

With the exception of cash and trust funds, no direct verification was made of your asset or liability accounts.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Greenwood:

I herewith submit my fifth annual report of your schools.

The fiscal year closed with the employment of the same efficient teachers as last year with the exception of Guyson Davis who was succeeded by Miss Olive Cobb at Richardson Hollow. Miss Edna Kemp, so long the popular teacher in the intermediate grades at Lockes Mills resigned to accept a better position elsewhere. Mrs. Edith Clement, a highly successful and experienced teacher is completing the year's work in those grades.

All were sorry that Mr. Jason Bennett was unable to serve as janitor this year because of illness, but we were fortunate in obtaining the services of Mr. James Ring who is doing the work most acceptably.

It is with pride and pleasure that I again say that the scholastic standing of the Greenwood pupils in each and every elementary school and in the secondary schools which they are attending is most commendable. Last June forty-seven eighth grade pupils in this union took their examinations for entrance to high school. Ten of these pupils were from Greenwood and three out of the five pupils receiving the highest rank in this examination were from Greenwood. A recent report of the Greenwood pupils now attending high school is very satisfactory.

The appropriations for the coming year demand serious consideration if our schools are to continue on the standard now maintained.

The cost per pupil of high school tuition at Woodstock and West Paris has noticeably increased and with only seven pupils to be graduated from the secondary schools in June and with eleven pupils in the eighth grade, one can readily see that there must be a substantial increase in the appropriation to take care of the cost of high school tuition.

Since the opening of school in September the moving into town of families with children has necessitated an increase in the cost of conveyance. Your Superintending School Committee and your Superintendent have given the conveyance problem serious consideration and they feel that they have kept the cost as low as possible under the circumstances.

Outside these two items, high school tuition and conveyance, the cost of maintaining our schools is comparatively low and I am confident that the citizens of Greenwood will accept their burden of responsibility in serving their boys and girls.

We must not lose sight of the fact that education is of primary importance in the program of national defense and we would not shirk our responsibility along this line.

The major repairs have consisted of painting the exterior of the Locke Mills building and interior of the Greenwood City building. In considering the repairs for next year it seems advisable to provide more room for housing the wood at Greenwood City. There should be some work done on the interior at the Richardson Hollow and Tubbs buildings. The insurance on the Locke Mills building must be provided for.

It has been possible to keep the textbooks in good condition and to purchase adequate supplies with the smaller appropriation granted last year.

Greenwood's share in the state equalization fund is of material assistance in financing our schools and it is only as a result of a continued and greater effort on the part of the town that it can receive greater assistance from this source.

In closing this report, I would express my sincere appreciation to the Superintending School Committee, teachers, pupils and citizens for their splendid cooperation in contributing to the success of our schools.

Respectfully submitted,

CARRIE M. WIGHT
